

## CLAIMS GOMPERS IS A MENACE

Rep. Blanton of Texas Says He Forced Wilson to Exempt Union Men

MADE McADOO GIVE \$700,000,000 IN WAGES

And Caused Wilson to Kill the Bill Requiring Full Services for Pay

Mineral Wells, Tex., April 18.—Representative Thomas L. Blanton of Abilene, Tex., speaking last night at the convention of the United States Good Roads association, declared that the people of the country must be awakened to the danger that impends to their liberty because of the attitude of Samuel Gompers, president of the American Federation of Labor.

He asserted that Gompers had forced President Wilson to exempt members of labor unions from the draft act; had forced Secretary McAdoo to take \$700,000,000 of the money of the people and the railroads and give it to the members of the four big railroad brotherhoods; and that when Congress had passed a bill to compel government employees to work the eight hours for which they were being paid he had forced President Wilson to kill that bill by threatening strike in the midst of the war.

Blanton declared it as his belief, founded upon his experience in Congress during the war, that socialism is nothing but unionism and unionism is working with applied socialism. He asserted that 250,000 men are now held in the army camps in the United States because Gompers demanded it on the ground that rapid demobilization would unsettle the organized labor schedule.

"There is bolshevism in this country now and it is showing its fangs against the government," he said.

Chicago, April 18.—Denunciation of the American Federation of Labor as the power that dominates the government at Washington was the feature of a speech here last night by John H. Kirby of Houston, Tex., president of the National Lumber Manufacturers' association. Kirby said:

"There is a privileged class and a ruling class within our country to-day, the class that takes the brand of the union label instead of the great seal of the state, and is dictated to by the American Federation of Labor that maintains a lobby in Washington that hounds those not amenable to its dictates.

"Under the cloak of getting work for the returning soldiers some \$14,500,000 was appropriated in a bill to Congress to the employment bureau, but such a protest was made that this was reduced to \$10,000,000. Then the farmers of the country learned what was being done, and the entire sum went out of the bill, which shows how quickly Congress responds to the voice of the real people."

No All-Night Restaurant in Bellows Falls but One at Depot.

Bellows Falls, April 18.—A new order of the village trustees requires all restaurants in the village except the one at the depot to be closed between 12:30 and 4 o'clock a. m. of each day. The trustees say that this order has been given because in the early hours of the morning restaurants have become objectionable resorts where drunkenness and indecent language and behavior have been tolerated.

## STOMACH PAINS ALMOST DROVE WOMAN FRANTIC

Manchester Resident Regained Health When She Used This Tonic Medicine.

Rich, red blood is absolutely necessary to good digestion. This is a fact which every sufferer from indigestion or stomach trouble should keep in mind when he is seeking relief from the distress which follows meals, the flatulency and sourness. Impoverished blood impairs the activity of the gastric glands and weakens the muscles of the stomach. On the other hand imperfect digestion prevents the blood from receiving proper nourishment and causes it to become defective in quantity and quality.

A tonic, therefore, that is a specific for thin blood will improve the digestion and an improved digestion will hasten the correction of the anemic condition. The efficacy of this treatment is illustrated in the case of Mrs. Lillian Dow, of No. 135 Amherst street, Manchester, N. H. She says:

"I suffered from stomach trouble for years and sometimes became so worn out and run down that I was forced to keep to my bed for days. I had severe pains in my stomach, felt faint and dizzy at times and could eat very little. I suffered from gas on my stomach and from sour stomach. The least effort caused shortness of breath and I was forced frequently to stop and rest. I was very pale and couldn't sleep well.

"A friend recommended Dr. Williams' Pink Pills to me and I began the treatment. After taking three boxes I had improved so much that I could do my work without resting. Gradually my color returned and my stomach gained strength. I no longer suffer from indigestion and I sleep well and can eat heartily without any distress. I feel good now. My weight had decreased to 95 pounds before I began the treatment with Dr. Williams' Pink Pills. I now weigh 150 pounds. It has given me great pleasure to recommend Dr. Williams' Pink Pills to my friends."

Dr. Williams' Pink Pills are a tonic for the blood and nerves. They begin at once to build up the system weakened by excess or overwork. The rich, red blood soon begins to show in cheeks and lips, the step is quicker, the eyes brighter and the good effect is felt in every organ of the body.

Two useful books, "Disease of the Nervous System" and "What to Eat and How to Eat," will be sent free by the Dr. Williams' Medicine Co., Schenectady, N. Y. Your own druggist sells Dr. Williams' Pink Pills or you can order them direct by mail, postpaid, at 50 cents a box, six boxes for \$2.50—adv.

VICTIM IN CHICAGO CRIME UNKNOWN

Chief Garrity Has Appealed for More Police to Put Down Crime Wave

Chicago, April 18.—The murder of a young woman in the street on the west side late last night by an unidentified man caused Chief of Police Garrity to appeal to the city council for additional patrolmen to suppress the crime wave which has swept over the city for several days.

A witness to the slaying told the police the couple were walking together and the man placed his arm around the girl. She broke away and ran across the street, but was quickly overtaken by the man, who drew a revolver and fired four shots into her head. There were no marks of identification on the body.

**BROWN—LOOMIS.**  
Northfield People Were Married at Brattleboro Thursday.

Brattleboro, April 18.—The marriage of Egbert Brown of Northfield and Miss Mary Blanche Loomis, daughter of Mrs. Elvira Loomis of Brattleboro, took place yesterday afternoon at 3 o'clock in the bride's home at 25 Harris place. Only relatives and a few friends, including the graduating class of 1908 of the Memorial hospital training school, of which the bride is a member, were invited.

Rev. Dr. H. P. Woodin, pastor of the Center Congregational church, officiated. A single ring service was used. The only attendants were little Miss Helen Brown of Keene, as flower girl, and Master Edward Loomis, nephew of the bride, as ring bearer, who carried the ring on a small silver tray. Miss Helen was dressed in white and carried sweet peas. The ceremony was performed in the living room, which was trimmed with palms, evergreens and pink snap-dragon, the bride party standing under an arch with bell of trailing arbutus. The bride wore a gown of white crepe de chine, with corsage bouquet of white roses and white sweet peas.

A reception followed the ceremony, during which a buffet luncheon was served. The decorations in the dining room were of pink and green.

Mr. and Mrs. Brown will leave this afternoon for a short wedding trip and will make their home in Northfield. Mrs. Brown's mother will move there next month to make her home with them.

The out-of-town guests at the wedding were Miss Nellie Brown of Northfield, Vt., Mrs. Mary Adams and daughters, Ruth and Dorothy Adams, of Bellows Falls, Charles H. Loomis and son, Master Edward Loomis of Waltham, Mass., Mrs. Frank Brown and daughter, Helen, of Keene, N. H., and Mrs. Hubert C. Brown of Hinsdale, N. H.

# IDEAL heat renews old homes

Remodeling of buildings should begin in the basement. Next time you see alterations being made, note what material is saved—or thrown out! You will find the tin and sheet iron heating devices go to the dump heap—but you never see IDEAL Boilers and AMERICAN Radiators thrown out that way. They make a building always new—and never wear out or lose efficiency. When IDEAL heated buildings are remodeled, extra sections and more radiators are added to furnish the additional heat needed—the building stays in the same desirable class for rental or sale. IDEAL Heating Outfits are, therefore, a long-lasting investment—not an expense!

## AMERICAN & IDEAL RADIATORS & BOILERS

These outfits guarantee you a lifetime of heating comfort and fuel economy!

IDEAL Boilers and AMERICAN Radiators change any house into a home. Comfort at a turn of the valve.

IDEAL Boilers and AMERICAN Radiators enable you to get not only the greatest possible volume of heat and therefore the utmost value from your coal, but these outfits guarantee perfect distribution and control of that heat! No "cold side" to the house. No drafty floors!

The greatest money saver in a building is IDEAL heating

If you have a building to rent or to sell, you'll find it a splendid talking basis to say: "It's heated with IDEAL Boilers and AMERICAN Radiators." It means that the tenant will be glad to pay 15% more rent because of the comfort, health protection, convenience, cleanliness, and fuel economy he will experience, or in selling you get back the full price paid for the outfit, which does not rust out or wear out.

Don't go through another Winter without remodeling your home, store, flats, shop, school, or church to the extent of enjoying the comfort and fuel saving of IDEAL-AMERICAN heating! Put quickly in old or new buildings. Ask for free book "Ideal Heating." Let us serve you now.

Built-in, genuine Vacuum Cleaner—iron suction pipe runs to each floor. We also make the ARCO WAND Vacuum Cleaner connected by iron suction pipe to various floors of houses, flats, schools, churches, hotels, etc. Through a light-weight hose ALL the dirt, cobwebs, lint, threads, moths, etc., are drawn with lightning rapidity down the iron piping into big, sealed dust-bucket in cellar. No dragging around a clumsy, inefficient portable cleaner—instead, you have a practical outfit that is part of the building—like radiator heating. Ask for catalog—it does not obligate you to buy.

## WELLS RIVER Change in Firm, Earl Mulliken Buying Out Ansel T. Davis.

Ansel T. Davis, who has been in the hardware and plumbing business in Wells River for the last 43 years, sold his business last Tuesday to Earl Mulliken, a son of his former partner and a recent business man of Woodsville, N. H. This firm started over 50 years ago with a Mr. Peneman as owner. Mr. Davis was taken in as partner a few years later. At Mr. Peneman's death, Mr. Mulliken was made a partner in the enterprise and under this name the concern did business until about 18 years ago, when Mr. Mulliken sold out and went to Woodsville, where he built a building and went into business for himself. At his death the concern went to his son, Earl, who continued same until the fire of a few years ago. This sale still keeps the firm in the same family. We all wish for Earl the best of success in his new undertaking.
